

Sikuli X r930 installation

Version 1.0

Version History

Version	Date	Handled by	Comments
V1.0	16-May-2019	ZL Chen	First version release.

Precondition Setting:

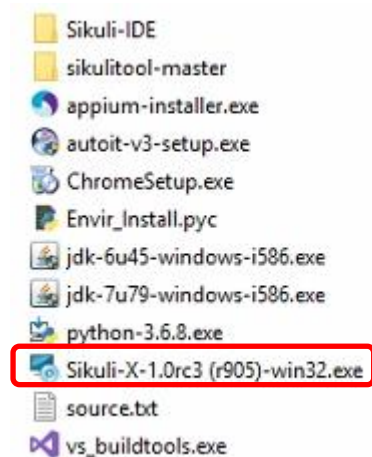

Please make sure the JAVA 1.6 has been installed in the system.

Please follow the installation steps as below:

Step 1:

Please find the “Sikuli-X-1.0rc3 (r905)-win32.exe” under the installer folder, then double click this one.

Location: .\automation\installer

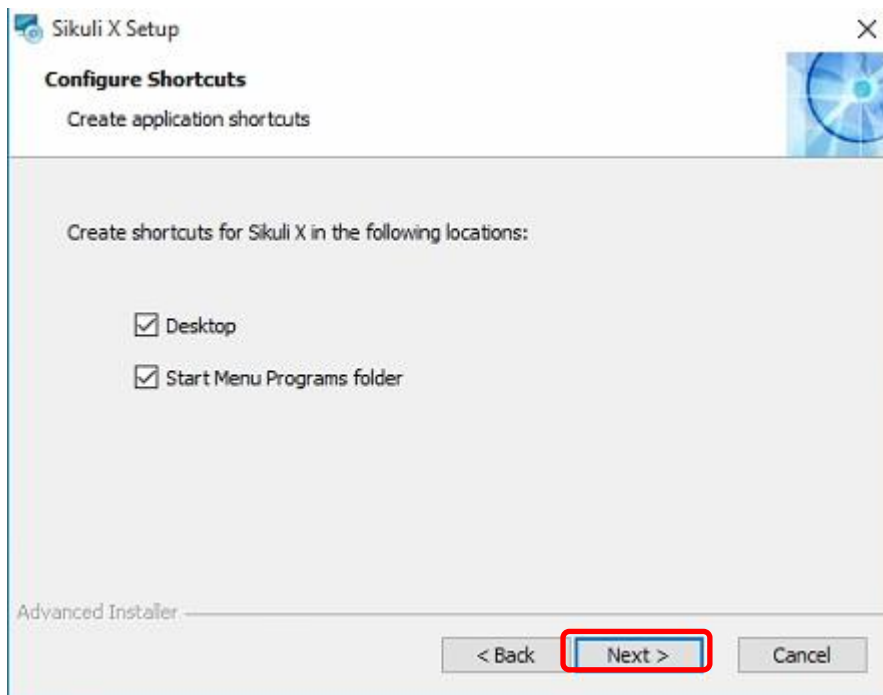

Step 2:

Please click the “Next >” button.

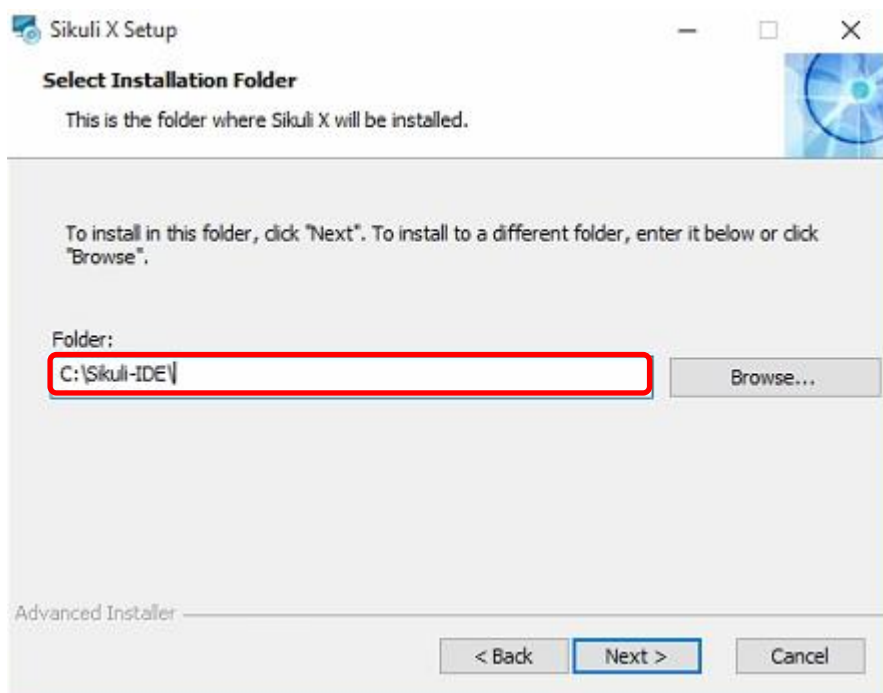

Please click the “Next >” button.

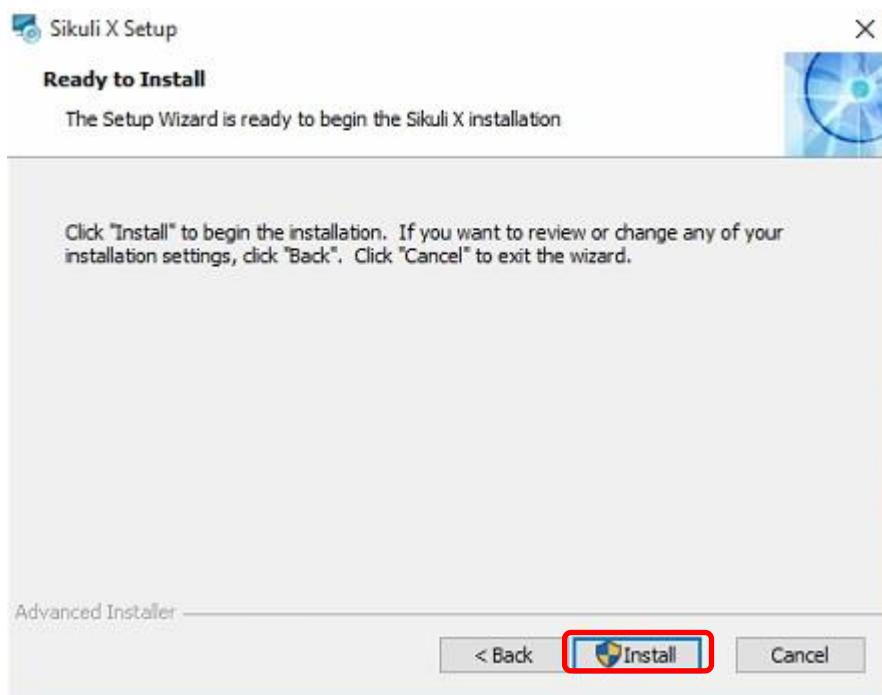

Step 3:

Remember!!!

Please make sure the installation path is “C:\Sikuli-IDE\”, if is NOT, please modify the path to “C:\Sikuli-IDE\”

Please direct click the “Install” button.

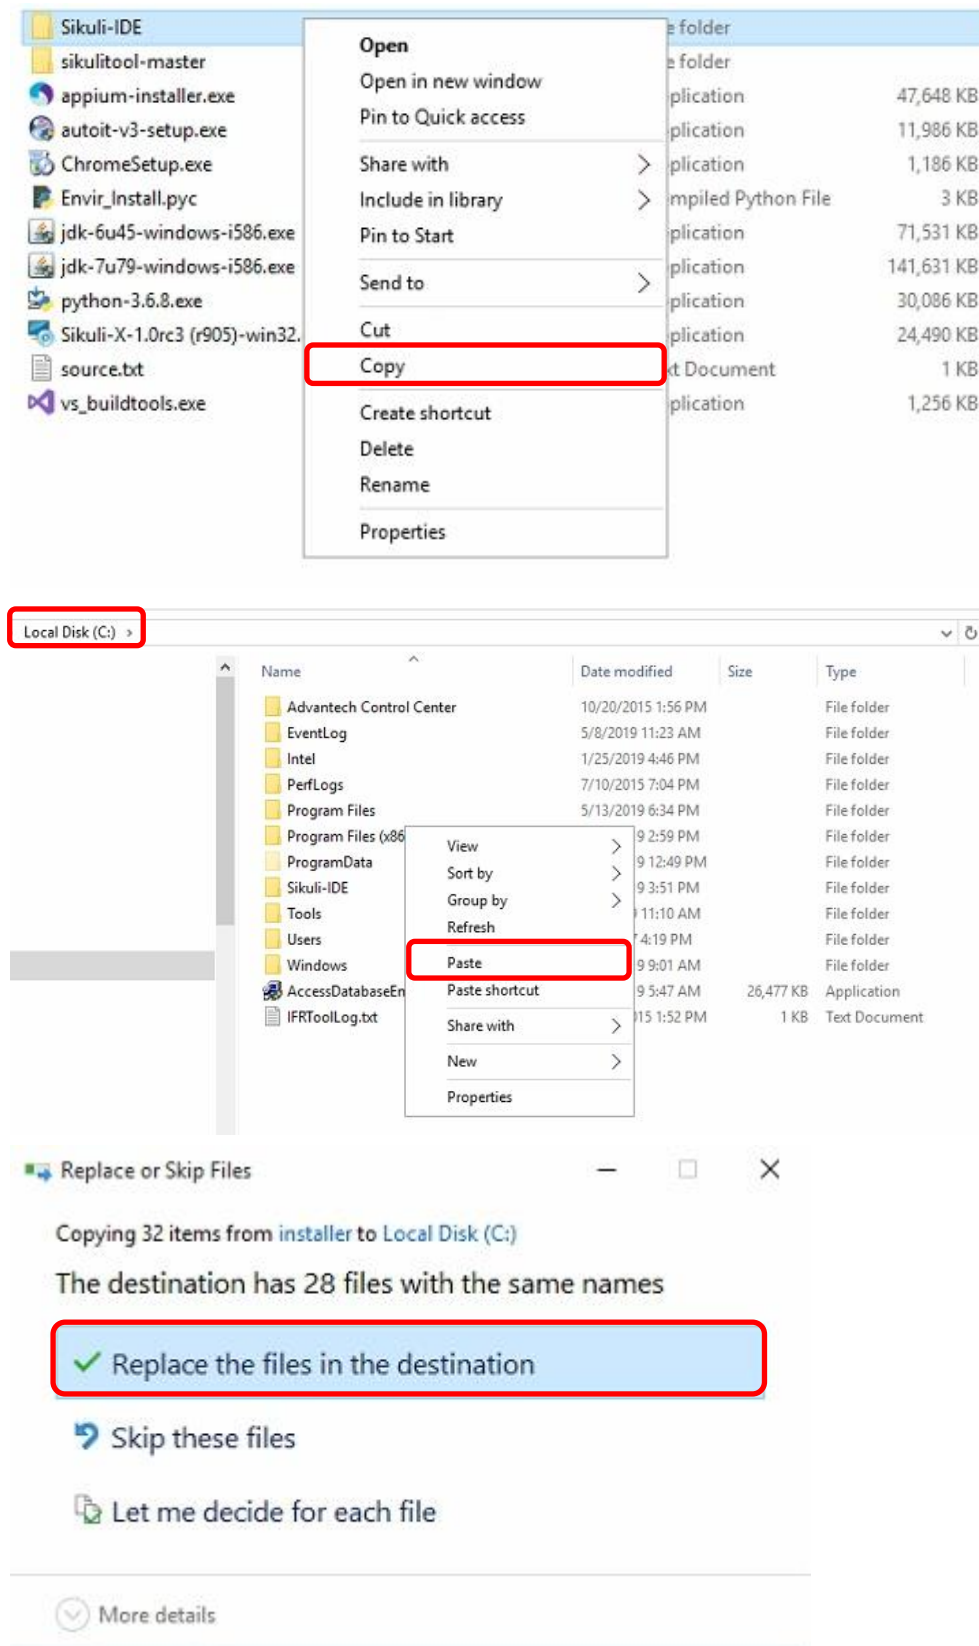

The installation of sikuli X is completed, please click “Finish” button.

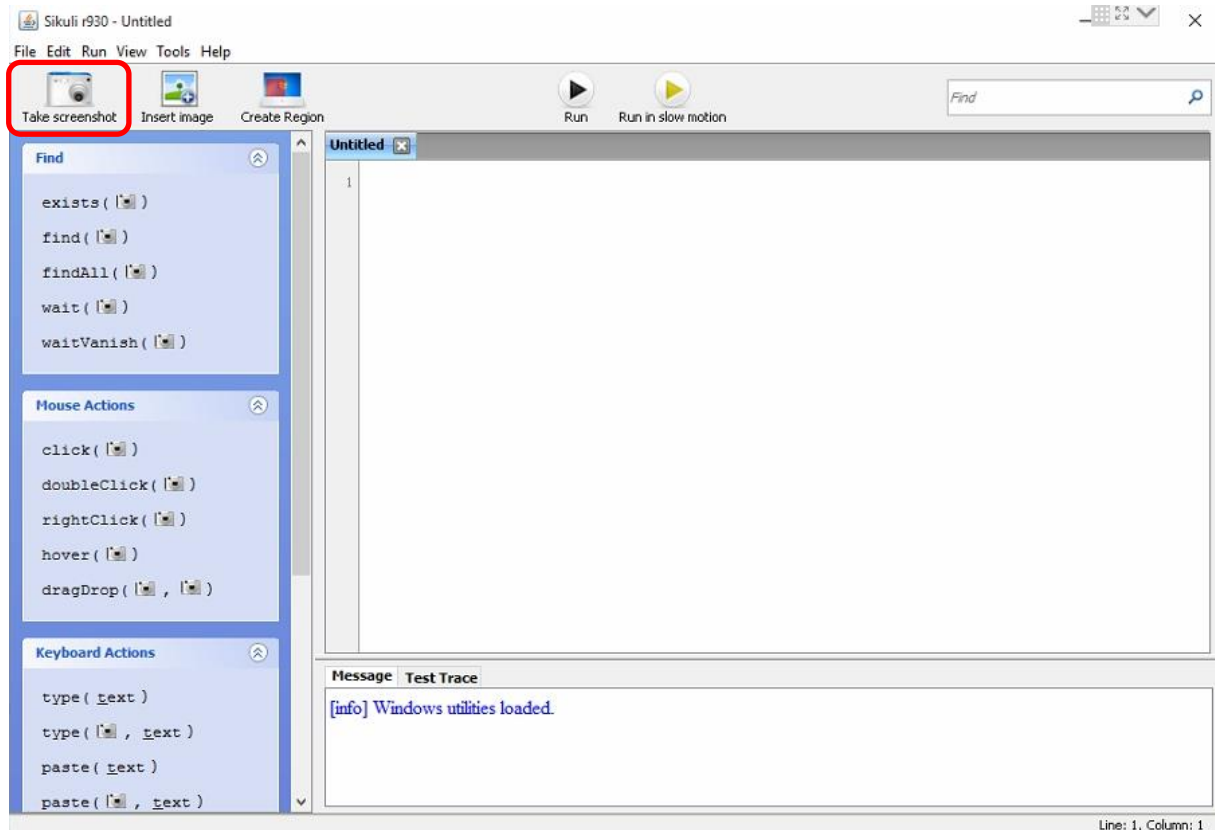

Step 4:

Please copy the “Sikuli-IDE” folder under the .\automation\installer\, then direct replace to “Sikuli-IDE” under the C:\Sikuli-IDE. The action is updating the Sikuli related data.

Step 5:

Open the “Sikuli IDE” on the desktop, then click the “Take screenshot” icon.

If the desktop window changed to gray, that means the software can be worked.
